

Żarnowiec Hydroelectric Power Plant

- Location:
Czymanowo
- Year:
1983
- Installed capacity:
716 MW
- Type:
Pumped-storage power plant
- River/Lake:
Żarnowieckie Lake
- Object type:
Elektrownia wodna

The largest Polish hydroelectric power plant, which is located at the Żarnowieckie Lake in the Pomorskie Voivodeship.

The power plant uses the Żarnowieckie Lake as the downstream reservoir. The upstream reservoir is formed by the Czymanowo Lake, which is an artificial lake and was constructed at the nearby plateau.
